## **Sector review of Travel, Tourism, Hospitality and Catering qualifications**

Dear Responsible Officer

Qualifications Wales is conducting a sector review of qualifications and the qualifications system in the Travel, Tourism, Hospitality and Catering sector. This is the fifth in our series of sector reviews. As part of this review we will be conducting in the Autumn 2021 a technical review of qualifications in the sector that are offered by recognised awarding bodies in Wales. A team of Travel, Tourism, Hospitality and Catering experts will be joined by assessment experts who will review specifications, assessment materials, quality assurance documentation and a sample of learners' assessed work.

The technical review will focus on qualifications that are awarded in the greatest numbers in secondary schools, further education colleges and work-based learning providers in Wales. We will be contacting awarding bodies who offer these qualifications in August 2021 to request the necessary evidence for the technical review to start in October 2021.

To support the sector review in Travel, Tourism, Hospitality and Catering we would be grateful for any updates which you may have on the development of the current provision of qualifications within this sector. If you are currently working on any
