GQCov5.9 The appeals process must provide for the correction of a result without requiring the completion of the full appeals process in circumstances where the awarding body accepts that the error identified in the appeal request has occurred.

GQCov5.10 Where the application of its appeals process in the case of any Learner leads an awarding body to discover a failure in its assessment process, it must take all reasonable steps to –

- (a) identify any other Learner who has been affected by the failure, and
- (b) without prejudice to Condition GQCov5.11, correct or, where it cannot be corrected, mitigate as far as possible the effect of the failure.

GQCov5.11 An awarding body must take reasonable steps to ensure that no correction is made under Condition GQCov5.10 which lowers the result of any Learner.

GQCov5.12 An awarding body must publish information on its appeals process to enable results to be appealed in line with this Condition.

Condition GQCov6 Centre decisions relating to appeals

Requirements in relation to the information to be requested from Centres

Condition GQCov3.2(a)(i) allows us to specify requirements and guidance in relation to the information to be requested from Centres to facilitate the calculation of results for GQ Qualifications in summer 2020.

Our requirements for the purposes of Condition GQCov3.1(a)(ii) are that an awarding body must:

- (a) request from the Centres with which they have agreements the information set out in our publication *'Summer 2020 grades for GCSEs, AS and A levels, and Skills Challenge Certificate (SCC): Information for Centres on the submission of Centre Assessment Grades'* (the **Centre Guidance**⁷), and
- (b) take all reasonable steps to ensure that Centres generate that information using the process set out in the Centre Guidance.

The Centre Guidance also contains the form that the declaration required under Condition GQCov3.4 must take. However, an awarding body may add additional material at the end of that declaration, or may require Centres to provide an additional separate declaration, where an awarding body considers it appropriate to do so in order to meet its obligations under any Equalities Law.
